

Q1 What's one take-away from today that will impact your day-to-day work?

(11) Relationships matter, compassion, use common language, communication...It is about the kids

(9) **Brain research on how trauma affects the brain that KS spoke to...**

For example: The fact of how trauma actually affects the brain so when students are having behavioral issues it may have a lot less to do with choices they are making and more to do with their brains in need of repair.

(7) Every behavior is driven by a need

(5) The Brain hand example

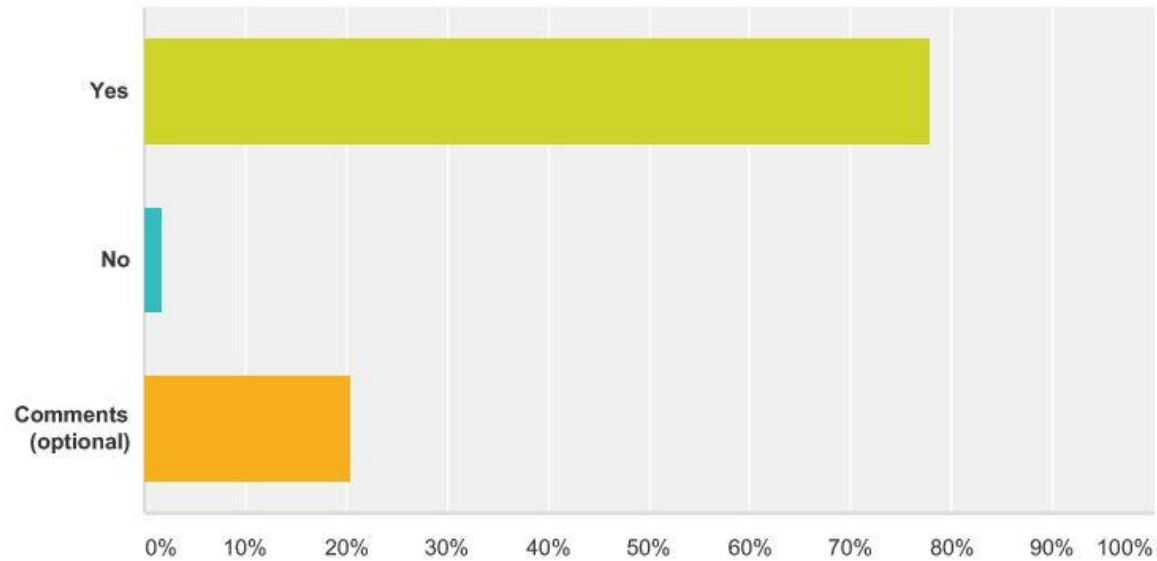

(4) Bringing this workshop to my district, more trauma informed pd for teachers, strategies and techniques from KS

(2) That children born from drug affects have no peripheral vision and screen time should be limited.

(2) I've been trained on all of the information

Q2 Would you recommend today's professional learning experience to a colleague?

Continue...**Q2** Would you recommend today's professional learning experience to a colleague?

Optional Comments

1	Absolutely The work was presented to us that completely relates to our day to day dealings with students from someone who works in the field and validated us as professionals.
2	I appreciated that there were many take-aways from the 6-hours that one could "set with" and decide what meets the needs of specific and overall situations in one's school.
3	To some who has never heard of ACES
4	I think it was similar to other conferences I have attended on trauma, aces, etc nothing ground breaking.
5	Only if you don't have prior experience/training in ACEs/Trauma based learning. It was a lot of background in the why and I was looking for strategies and systems to help adults make those positive connections with the toughest kids.
6	Absolutely. Sending two of my staff members in October to Whitworth!
7	However, I wish there were more activities to do as a table group and less of her talking.
8	Very full of information.
9	Probably not. Something like sound discipline better in my opinion
10	I would love to have you come speak to our staff.

Q3 We want our events to be well organized so that you can focus on learning and enjoy connecting with colleagues. How would you rate the organization of this event (i.e. communication, registration, sign-in, seating, meals...)

Answered: 54 Skipped: 0

	Very Poor	Poor	Okay	Good	Great!	Total	Weighted Average
★	0.00% 0	3.70% 2	3.70% 2	25.93% 14	66.67% 36	54	4.56

Q4 In terms of organization of this event, what did we do well and what are areas we can improve (i.e. communication, registration, sign-in, seating, meals...)?

Answered: 54 Skipped: 0

(12) Comments on the space feeling crowded
A few thought the space was great

Most felt lunch was good.
A few would have liked to pick their own lunch

(30) Registration easy, Communication great, Sign-in easy, Day was smooth.

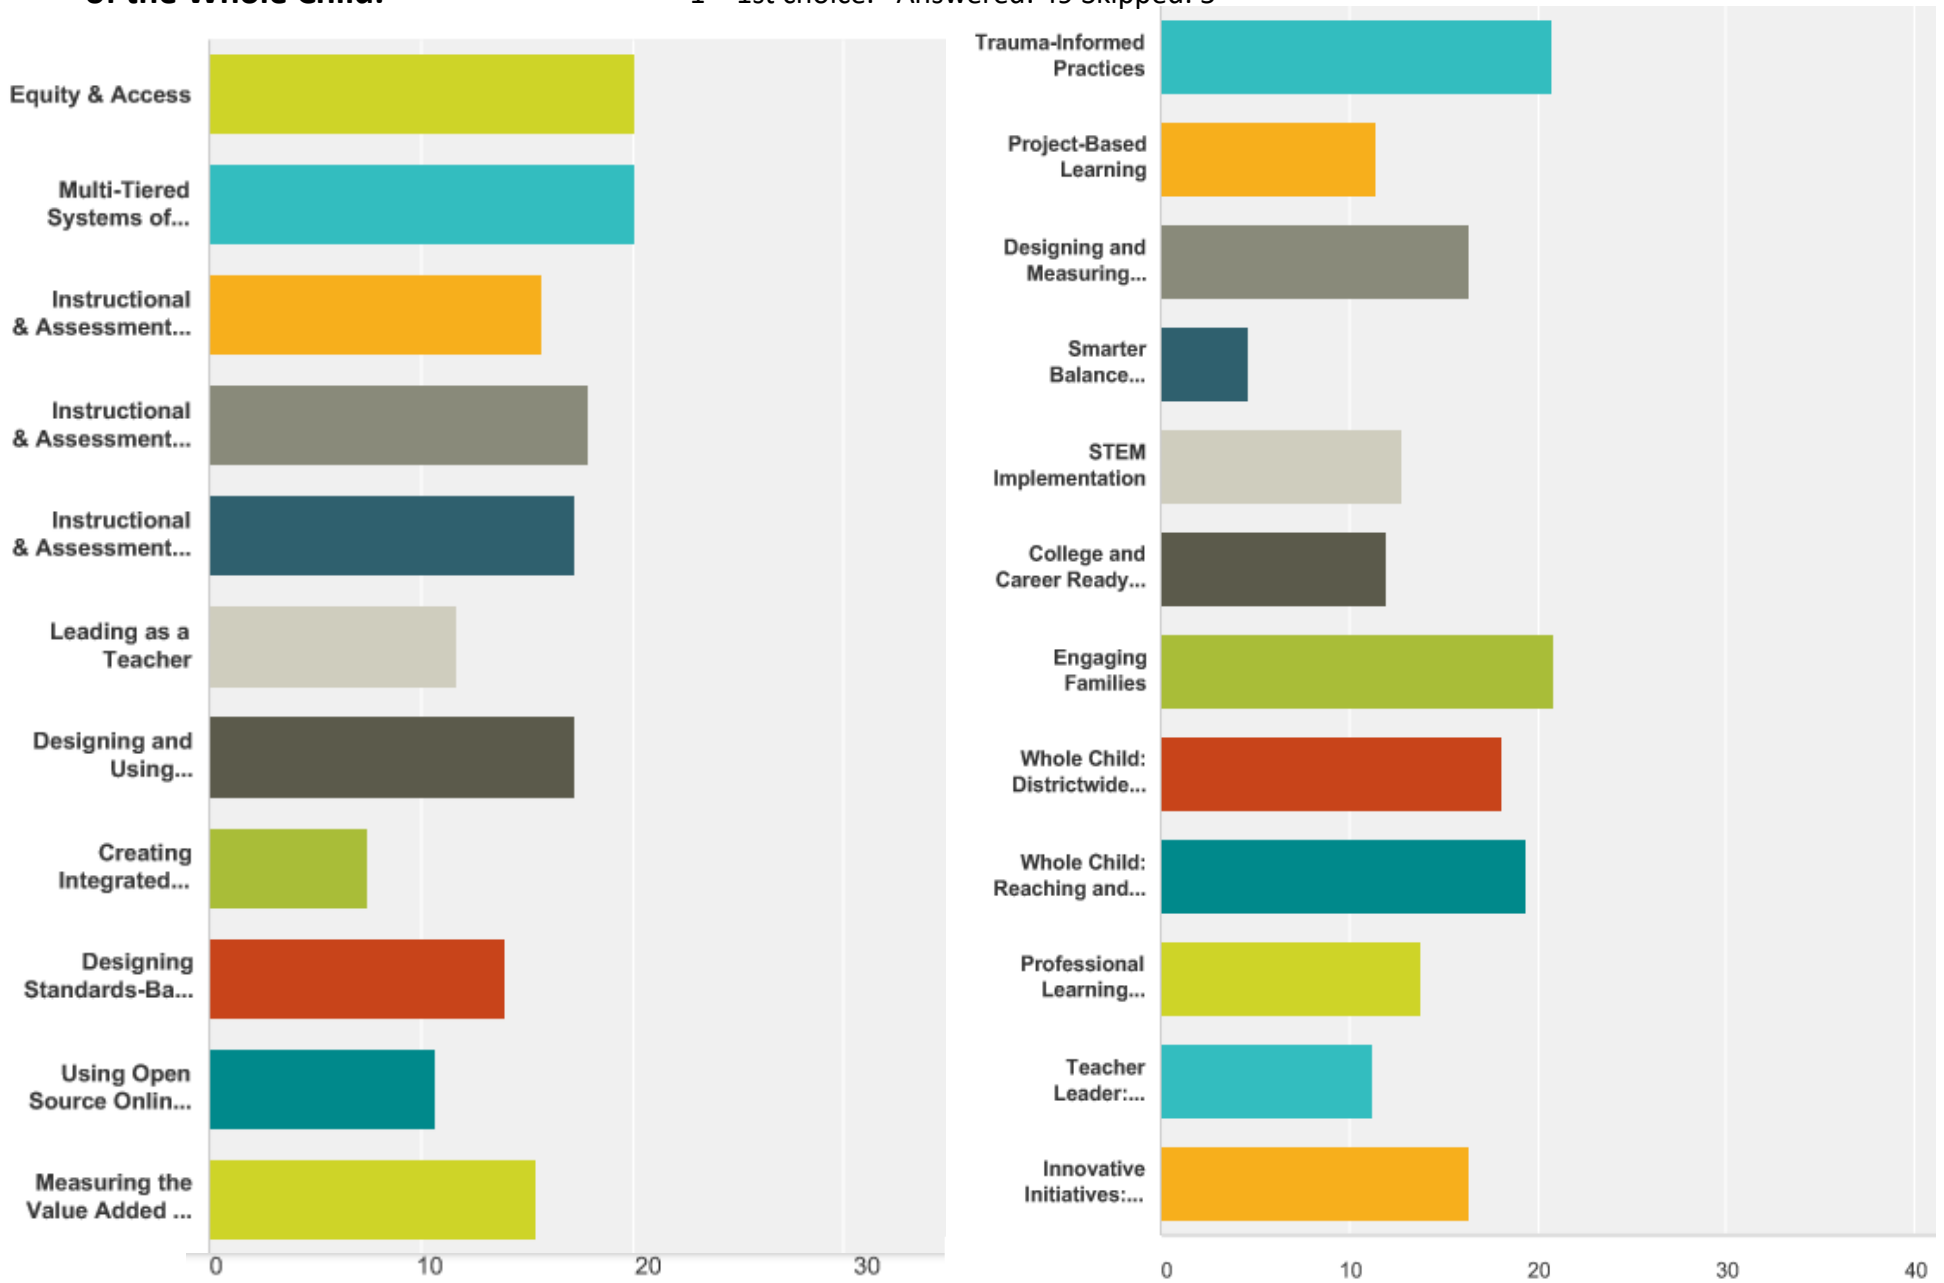

(1) Improve: registration; I was surprised I couldn't register on line. I called 3 times but my card has still not been charged, even though I was registered, and I never got an email with any information about meals, etc.

(1) Follow up to registration is important, my team felt out of the loop just getting the information on the day before. Maybe a week out. I was fine! :) Our name tags were also wrong which was a trigger for my team, again, I didn't think that much about it.

(2) But I need something a bit more substantial than sugar for breakfast! Protein, gluten free am options.

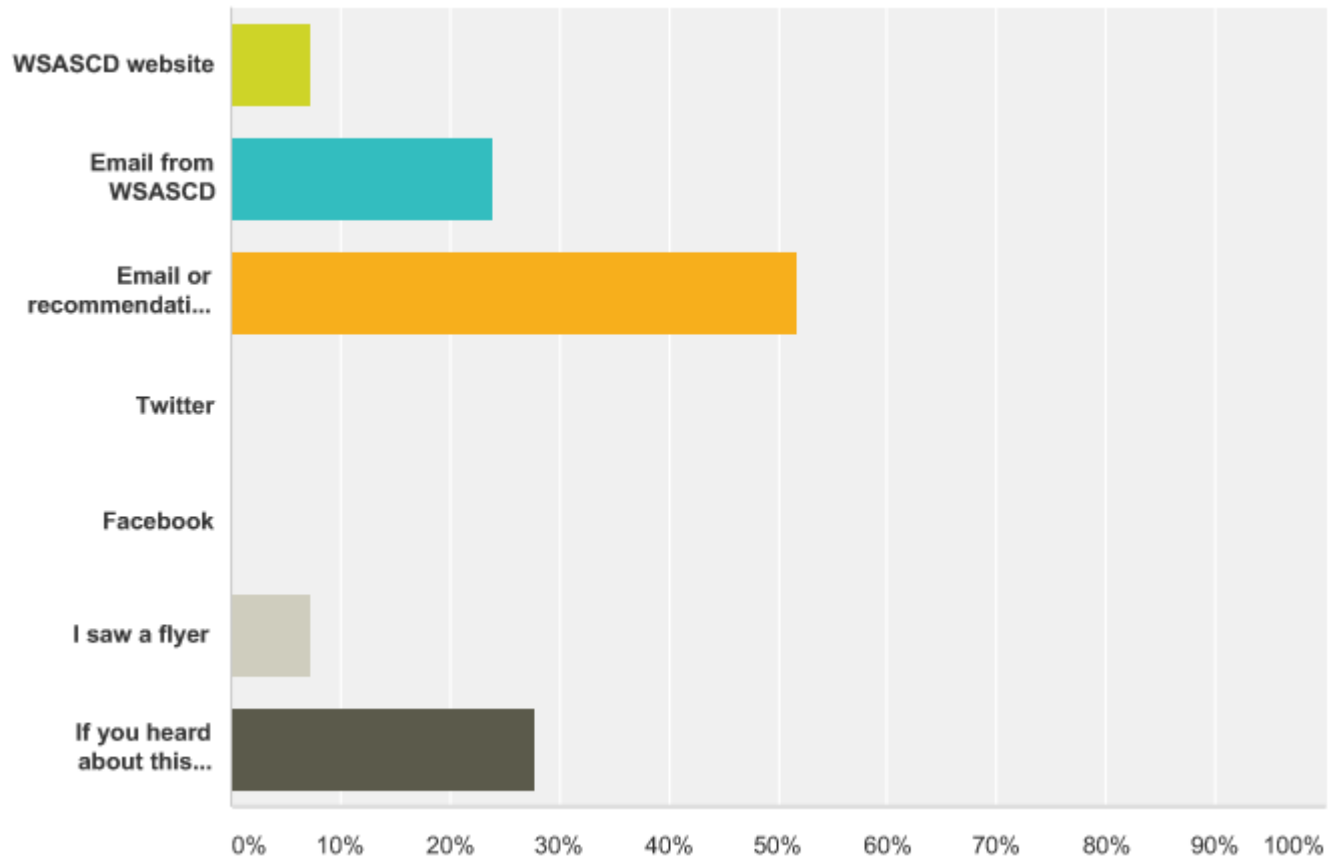

Q5 It is our mission to support the learning of educators to meet the needs of the Whole Child.

1 = 1st choice. Answered: 49 Skipped: 5

Q6 How did you hear about today's event? (check all that apply)
