Comments:

- Great session! Learned too much to use effectively. I'll do what I can.
- I wanted just a 'little' more time at speed geeking! Excellent experience and beginning of knowledge.
- I didn't get much assistance from the Google+ chat presentation. I couldn't hear and it wasn't well explained.
- Best use of my time. Thank you!
- I wish I could have learned more about using tech in lower socioeconomic schools – students with no computers, limited computers in school, etc.
- More time for speed geeking would be nice.
- I don't know what I'm doing yet, but I'm so excited to try these techniques and apps out!!! Woot!
- Many good ideas were provided. Now it's up to me!

- Fantastic workshop!
- So overwhelmed by all of the information but in a good way! Can't wait to get back to school and share!
- Very good day! Worth getting up early on a Saturday!
- Thank you! Jeff Utecht was outstanding. I will seek further opportunities to learn from him!
- Fun day! Boy, do I have lots to learn.
- Thank you... the format and the content were thought-provoking, practical and inspirational.
- Great passionate speaker.
- I like how relevant this information is. It is eye-opening and can be used rather easily, yet we don't know of these resources. This conference helped me understanding these resources as they exposed them to me and now I can use them in the classroom.
- Awesome!
- Wow! Thanks so much.
- Wow! Wonderful.
- Just awesome. Thank you! That being said, one disappointment: a bit of false advertising when it came to the continental breakfast. 😊
