Nominations Open for the 2017 WSASCD Awards Program

Many thanks to the Awards Committee, co-chaired by Marissa Rathbone, OSPI and Kevin Parr, Wenatchee School District.

Nominations Window February 1 – April 14, 2017

State Whole Child Awards

The 2017 Whole Child Awards reflect the five tenets of ASCD's Whole Child Initiative. This program seeks to identify schools in Washington that have created a school culture with programs that exemplify one or more of the five tenets of The Whole Child Initiative: Healthy, Safe, Engaged, Supported, and Challenged. Awards will be presented within the recipients' school district or Educational Service District at a venue of their choice. [Washington State Whole Child Nominations Form](#)

Outstanding Young Educator Award (OYEA)

The Washington State ASCD Outstanding Young Educator Award nominee is our way of recognizing an emerging educational leader, 40 years of age or younger, who demonstrates exemplary practices with the education community. The OYEA winner will receive a check for \$1,000, provided by a generous donation from McGraw Hill Education. [Outstanding Young Educator Award Form](#)

WSASCD Partner Spotlight

Many thanks to McGraw Hill Education for their Gold Level partnership for over the last 10 years, which supports our Outstanding Young Educator Award. Throughout the years, McGraw Hill Education has also co-sponsored events like our Washington Teacher's Conference and annual conference reception at the Silver Level.

About McGraw Hill Education

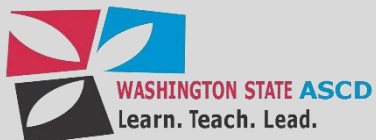

At McGraw-Hill Education, our vision is to unlock the full potential of each learner. Our mission is to accelerate learning through intuitive, engaging, efficient and effective experiences – grounded in research.

At McGraw-Hill Education, we believe that our contribution to unlocking a brighter future lies within the application of our deep understanding of how learning happens and how the mind develops. It exists where the science of learning meets the art of teaching.

Educators have been and always will be at the core of the learning experience. The solutions we develop help educators impart their knowledge to students more efficiently. We believe that harnessing technology can enhance learning inside and outside of the classroom and deepen the connections between students and teachers to empower greater success.

By partnering with educators around the globe, our learning engineers, content developers and pedagogical experts are developing increasingly open learning ecosystems that are proven to improve pass rates, elevate grades and increase engagement for each individual learner while improving outcomes for all.

Why? Because learning changes everything.
