

Anton Jackson

Anton Jackson has worked as a teacher and assessment specialist in education. He taught mathematics at grades 6–8 in the public school system, starting in 1998. He joined OSPI in 2006 and has worked in the mathematics and alternative assessment departments. Currently he is the Grades 6–8 lead for the state assessment and has worked extensively with Smarter Balanced in all areas of the assessment. He has presented both at the state and national levels on Washington’s assessment system and Washington teacher involvement in the Smarter Balanced assessment consortium.
