

## **Mike Klinger**

Mike Klinger has over 43 years of experience in synthesizers, computers, and midi. He is a graduate of North Texas State University with B.M and M.M. degrees in Music Composition and Theory. From 1976-1980 he was on the teaching staff of Mt. Hood Community College in Gresham, Oregon. Since that time he has spent his time teaching private and group classes in music technology. He actively presents workshops and seminars for MENC and other state music educator conventions as well as writing articles in their state music educator magazines on various topics relating to music technology. He is an active member of MENC, WMEA, NAMM, and ATMI organizations. He also has 4 jazz albums to his credit as he is a very proficient jazz pianist and keyboardist.
